

## Coach Jenny Adams

Jenny just finished coaching her second season with the Elmbrook Eagles 12U Girls team. Prior to that she coached 10U co-ed, 8U co-ed and 8U Girls at SHAW. She helped create and develop the girl's hockey program at SHAW and is now an integral part of growing girl's hockey at Elmbrook.

Jenny fell in love with the game of hockey in high school, but the opportunity to start playing in high school was not an option. Girl's hockey also was not an option. When she went to college, she was able to realize that dream and played for the UW-Whitewater Women's Club Team. She played 4 seasons for UW-Whitewater and in her senior year her team brought home the WCHL College Club Division Championship. Jenny graduated with a Bachelor of Business Administration Degree in Finance and knew that someday she would be a better coach than a player.

Jenny is a Level 3 USA Hockey Coach and a Level 1 US Lacrosse (Boys' Game) Coach. In the spring she transitions from coaching girls' hockey to coaching boys' lacrosse for Franklin Lacrosse. She also is on the board of Franklin Lacrosse as the Communications Director.

Jenny has a passion for coaching and connects with her players. She truly loves the game and it shows in her enthusiasm during practice and games. She hopes to inspire her players to put the team first, support each other, work hard and play hard.
